

Relief from Extraordinarily Difficult Site Conditions		Sheet #	Yes/No	Comments
1	<p>Is the applicant claiming that it is technically infeasible or environmentally harmful to comply with the minimum on-site retention requirements or on-site water quality treatment requirements? If so, the applicant may apply for relief from extraordinarily difficult site conditions. Did the applicant submit a Relief Request Memo following Appendix F?</p> <p>[F.2 Submission Requirements for Relief from Extraordinarily Difficult Site Conditions, page F-2]</p>			
2	<p>Is the application seeking relief from one of the following?</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> The requirement to achieve 50% of the Stormwater Retention Volume (SWRv) on-site for projects located in Combined Sewer System (CSS) areas where combined sewer overflows (CSOs) will be reduced with green infrastructure (GI);</li> <li><input type="checkbox"/> The requirement to achieve 50% of the SWRv on-site for projects located in the Municipal Separate Storm Sewer System (MS4);</li> <li><input type="checkbox"/> The requirement to retain or treat at least 50% of the SWRv from each site drainage area (SDA) for projects in the MS4; or</li> <li><input type="checkbox"/> The requirement to retain or treat at least 50% of the SWRv from the entire vehicular access area for each SDA for projects in the MS4.</li> </ul> <p>[F.1 Relief from Extraordinarily Difficult Site Conditions, page F-1]</p>			
3	<p>Does the application identify off-site retention to offset the entire on-site retention deficit?</p> <p>[F.1 Relief from Extraordinarily Difficult Site Conditions, page E-2]</p>			
4	<p>A Relief Request Memo can be made in advance of the final SWMP, but not before the 65% design stage of the SWMP. Is this condition met?</p> <p>[F.2 Submission Requirements for Relief from Extraordinarily Difficult Site Conditions, page F-2]</p>			

5	<p>Does the Relief Request Memo contain the following?</p> <ul style="list-style-type: none"><li><input type="checkbox"/> Detailed explanation of each opportunity for on-site installation of retention BMPs that was considered and rejected and the reason for rejection</li><li><input type="checkbox"/> Address each BMP specified in the Stormwater Management Guidebook</li><li><input type="checkbox"/> Completed application and proof of payment for applicable fees</li></ul> <p>[F.2 Submission Requirements for Relief from Extraordinarily Difficult Site Conditions, page F-2]</p>
