

## **OSSE Scholars Application – Writing prompt**

OSSE works with twelve colleges across the nation for the OSSE Scholars program. Please research the summer programs that are available to OSSE Scholars at each partner university. This information is available on the [OSSE Scholars website](#).

Utilizing the university and summer program websites as well as a college comparison site (such as [Naviance](#), [HigherEd Index](#) or [BigFuture](#)), compare and contrast two colleges offering summer college programs that OSSE Scholars are eligible to attend. Explain why you chose these two schools and why you believe you are an ideal fit for their summer program(s). Pay attention to admission criteria and summer program and course offerings.

Applicants are strongly encouraged to review the list of OSSE Scholars partner universities and the summer programs that OSSE Scholars are able to apply to on the [OSSE Scholars](#) website.

*There is no minimum word count for this writing sample. Your response should not exceed 1000 words.*
